

## Vol. 1 Bonus Videos!

As an extra bonus for readers of *America's History*, we shot some videos with a teacher friend of ours, Mr. C, who *really* loves history and wanted to share his perspective with you on some of the events our book covers.

Mr. C is an animated fellow who really loves to see kids get interested in history, and he knows the power of storytelling. Once you've read the book, watch the videos to have some additional thoughts about what happened during this period of history!
